Chips Program (Canadian Hockey Initiation Program)

The successful Chip Program will operate for its 10th season. In this program the young hockey players participate in hockey activities preparing them for their progression to the NHL. The Novice Hockey League is for boys and girls 7 and 8 years old. Chips's hockey is divided into two levels.

Chip 1 – Is for 5 and 6 year olds in their first year of hockey. The participant should be steady on their feet in skates, able to stand without assistance. All players are required to wear all hockey gear including a mouth guard.

Chip 2 – Is for the 6 year old graduates of Chip 1 and older children new to the game. All players are required to wear all hockey gear including a mouth guard.

The Chips hockey is not a traveling team and they do not go out of town to play games. In house games are played late in the season in Chips 2.

The Chips program focuses on developing the skills of young players in order to play regular games in Novice.

The boys and girls learn the fundamentals of the game in a safe and fun atmosphere. This program is very fun and affordable introduction to hockey.

Both levels start in the 3rd or 4th week in September and run through till mid March. Please contact Coach Kelly at 445-2060 or at K.hastings@sympatico.ca with any questions or concerns.
